→ PROJECT SCOPE OF WORK

DEFINING THE PROJECT

Objective

To provide professional and innovative web design solutions tailored to meet the unique needs of clients, ensuring functionality, user-friendliness, and aesthetic appeal while promoting business growth and digital presence.

Key Features

Key features include custom web development, responsive designs for all devices, secure and scalable solutions, SEO optimization for better visibility, and e-commerce integration with secure payment systems.

Design Aesthetics

The design emphasizes modern, minimalist aesthetics, brand alignment, engaging visuals, intuitive navigation, and user-focused interactions, ensuring every website is practical and visually captivating.

→ PROJECT SCOPE OF WORK

DETAIL OF THE PROJECT

Scope of Work: WordPress Product Listing Website

Project Overview

Development of a custom WordPress website for **Outdoor Furnish** brand showcase and product listing platform. The website will feature organized product categories with dedicated pages and integrated inquiry functionality.

Core Deliverables

Website Structure & Functionality

- **15 custom pages** including homepage, category pages, and supporting content
- **Responsive design** optimized for desktop, tablet, and mobile devices
- **Category-based navigation** with intuitive user experience
- **Individual inquiry forms** on each category page for lead generation
- **Brand showcase** highlighting Outdoor Furnish identity and values

→ PROJECT SCOPE OF WORK

DETAIL OF THE PROJECT

Technical Specifications

- **WordPress CMS** with custom theme development
- **SEO optimization** with meta tags, schema markup, and site structure
- **Contact management system** for inquiry processing
- **Performance optimization** for fast loading speeds
- **Security implementation** with SSL and basic protection measures

Key Features

Product Display System

- Clean, professional product listing layouts
- High-quality image galleries with optimization
- Category filtering and organization
- Mobile-friendly browsing experience

Lead Generation

- Strategic inquiry form placement
- Custom form fields tailored to product categories
- Automated email notifications for new inquiries
- Admin dashboard for lead management

→ PROJECT SCOPE OF WORK

DETAIL OF THE PROJECT

Content Management

- Easy-to-use WordPress admin interface
- Content editing capabilities for non-technical users
- Image upload and management system

Future-Ready Architecture

The website will be **built with eCommerce scalability** in mind, ensuring smooth transition to full online selling capabilities when needed. Architecture will support:

- WooCommerce integration compatibility
- Payment gateway readiness
- Inventory management preparation
- Shopping cart functionality addition

Timeline & Deliverables

10 Days

→ OUR APPROACH

CRAFTING DIGITAL PRESENCE

For this project, we prioritize understanding your organization's mission and audience to create a tailored, user-friendly website. Our approach focuses on delivering a responsive design, seamless navigation, and secure donation functionality. By integrating an intuitive CMS and showcasing content through well-structured categories, we ensure the website effectively engages visitors and supports your charitable goals.

01

Discovery Phase

We'll begin with a thorough discovery phase, including a competitive analysis and a deep dive into the brand.

02

Design & Development

Our expert team will create custom designs and develop a responsive website using the latest technologies.

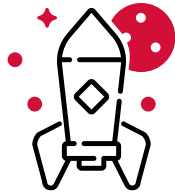

03

Testing & Launching

Rigorous testing will be conducted to ensure the website functions and the will launch the website officially.
